| Commissioning team have arranged an "open book" for 3 April to explore finances. | |
| It would also be made clear that HW Wokingham would be interested in discussing opportunities to take on additional services and/or commissioned work which might help WBC make efficiency savings. | |
| 4. Volunteer development - Existing volunteers had suggested that involvement opportunities (e.g. engagement events) should be set out on a 6-month rolling basis. ND confirmed that the engagement and events calendar already appeared on the website. He indicated that, if preferred, he could put it into a Word document which UKC could circulate to volunteers directly. Following a suggestion from RK, it was agreed that UKC would set up a WhatsApp group for HW Wokingham volunteers to enhance communication. | |
| 5. Reports to be signed off | |

| | a) | Enter & View: The Berkshire care home Draft awaiting provider feedback. Findings generally very positive. Main negative issue raised was that of difficulty in accessing dental care for people with limited mobility. | |
|-----|---|--|-------|

| | b) | <u>Deaf Positives' Accessible Information report</u> (mystery shop etc) Awaiting responses from providers & commissioners. Local AIS compliance in relation to Deaf people had been found to be limited. | |
| | | The Board discussed the AIS and how best to achieve change locally and nationally. NS suggested that the report could be sent to HW England who could investigate/lobby at national level. She also noted it as a potential topic for her Wokingham Paper blog to help raise public awareness and influence local decision-makers. | NS |
